Le Wagon Web Development Bootcamp

Oct '22 - Dec '23

Full stack Web Development

Leeds University

2006 - 2008

Sports Development & Marketing

Bishops Stortford College

1996 - 2006

A Levels - Art, Design, PE & Business Studies

PROFILE

I am a Junior developer with over 7 years of experience in client-facing roles. Prior to completing the Coding Bootcamp at Le Wagon in December 2022, I was self-taught in HTML, CSS and Javascript/React & Gatsby, capable of building simple websites alongside a full-time job in another industry. At Le Wagon, I learned a multitude of Full Stack disciplines such as Git workflows, Ruby & Ruby on Rails, Databases, Design systems, Javascript & working with APIs. Working on the course with "buddies" and teammates allowed me to experience working as a team remotely, communicating through Slack and Zoom.

With a background in sales and dealing with professional clients, I look forward to the transition to becoming an effective developer with a strong understanding of client needs and expectations. With a genuine interest in Web Development, I am very excited to continue learning in the field and build a successful career. I plan to improve my Javascript and React skills and am keeping an eye on Remix which could be a valuable framework to have under my belt.

BOOTCAMP/TRAINING EXPERIENCE

Le Wagon Bootcamp (full-time intensive)

Oct '22 - Dec '22

- Topics covered included Ruby, Ruby on Rails, Javascript & StimulusJS, HTML, CSS (incl. Flexbox & Grid), SCSS, Bootstrap, Git workflow, Figma, data extraction from web scraping & APIs, read/write to CSV & JSON files, Software Design Patterns (MVC), writing maintainable code, Relational Databases & SQL (CRUD & JOIN), Webpack & NodeJS, Deployment
- Worked with 'buddies' every day to solve multiple challenges
- Communicated through Slack & Zoom, collaborated on Github
- Developed 2 ideas into a live web application. My team's final project was built in 10 days (an application for same-day delivery of construction materials)

Self Taught Learning

~2020-2022

- Followed several courses through Codaccademy, FreeCodeCamp and Udemy
- Studied HTML, CSS, SCSS & SASS, Bootstrap, MaterializeCSS, Basic Javascript, React and GatsbyJS
- Learned how to use Figma and follow modern design principles
- Built small websites any my own for friends using GatsbyJS and connecting to Strapi CMS to allow them to manage the content themselves
- Designed these websites using Figma
